

Differentiate your boat rental business with smarter service

In a crowded rental market, you can't always compete on price—but you can compete on **customer experience**.

Marine Vision by Rastrac helps you deliver safety, speed, and convenience on every rental.

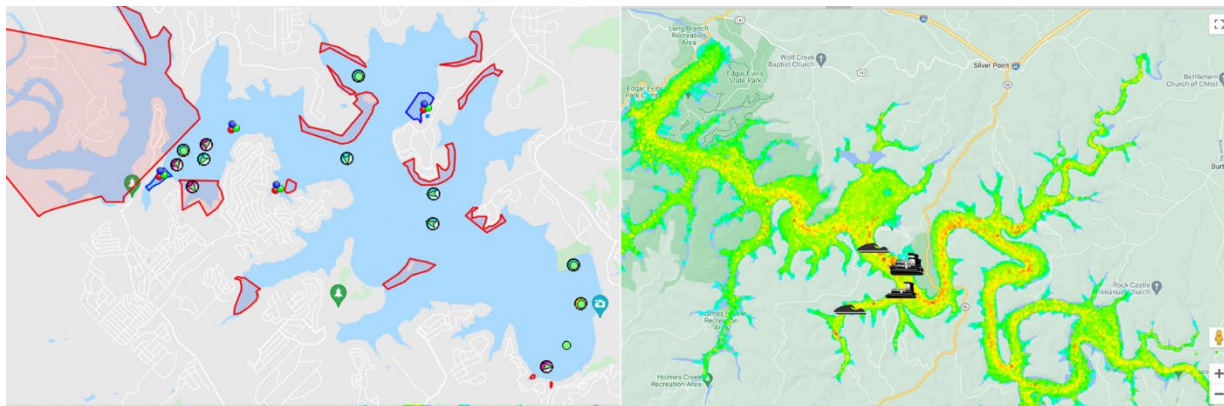

Why rental operators choose Rastrac:

- **QR Code Hazard Maps:** Renters scan a QR code and instantly view hazard zones and their live location on the lake.
- **Live GPS Tracking:** See where each renter is-and send help faster with nearest workboat location.
- **Weather & Emergency Alerts:** Keep renters safe with real-time notifications when conditions change.
- **Return-Time Visibility:** Know when boats are headed back so staff can prepare—no more guessing.

Give your customers peace of mind

Set your business apart

Do it all with Marine Vision by Rastrac
